

FORMATIONS

Formica® Magnetic Markerboard helps to create practical, fun, and functional spaces at home, at school, or in the workplace.

Formica® Magnetic Markerboard is a decorative laminate with all the benefits and assured quality of traditional Formica® laminate but with the added advantages ideal for communication and display.

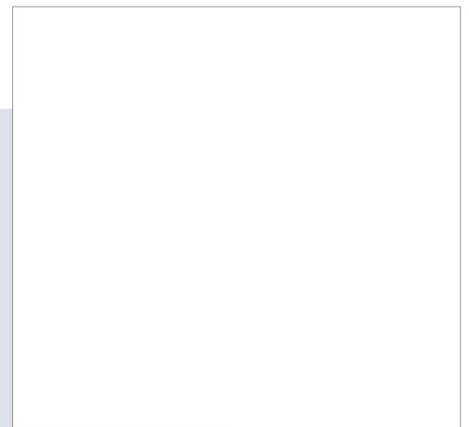

The selected colors and magnetic, dry erase surfaces offer a wide variety of application and uses in environments such as retail, education, commercial, and residential.

All Formica® Magnetic Markerboard achieve a very high magnetic effect and can be written on with special markers, making them ideal for use as display, presentation, and information boards.

Formica® Magnetic Markerboard incorporates an iron foil layer to achieve its strong magnetic effect. We recommend obtaining a sample of material for testing prior to installation.
