1/8" LUXA LIGHT

SR cell structural core with a specially engineered wood fiber surface material.

SIZES AVAILABLE

- 22"x48"07
- 36"x48"07
- 1"x6"07
- 1-1/2"x48"07
- 1-1/2"x48"07
- 1/2"x48"02
- 3/4"x48"02
- 1"x48"02
- 1-1/4"x48"02
- 1-1/2"x48"02

ADVANTAGES

- This extremely lightweight material has very good rigidity and strength values.
- Easy apply face materials (veneer, laminate, and coating)
- Finish with a variety of edge options.
- Rigid face material supports selected methods of attachment.
- Optional skin thicknesses are available.

LIGHT TACK

Natural Fiberglass faced with a specially engineered wood fiber surface material.

SIZES AVAILABLE

- 1/2"x48"06

ADVANTAGES

- A cost effective recyclable material made from 95% recycled materials that meets a high performance stable panel.
- Its smooth and water resistant surface is excellent for laminating, paint finishes, and fabric wrapping.

1/8" COMB LIGHT

SR cell structural core faced with SR HDF.

SIZES AVAILABLE

- 3/4"x48"07
- 1"x48"07
- 1-1/4"x48"07
- 1-1/2"x48"07
- 1-3/4"x48"07
- 2"x48"07
- 3/4"x48"02
- 1"x48"02
- 1-1/4"x48"02
- 1-1/2"x48"02
- 1-3/4"x48"02
- 2"x48"02

ADVANTAGES

- With the high density structural core, lightweight panels are taken to the next level.
- Easy apply face materials (veneer, laminate, and coating)
- Finish with a variety of edge options.
- Rigid face material supports selected methods of attachment.
- Optional skin thicknesses are available.

3/8" COMB LIGHT

SR cell honeycomb core faced with SR HDF.

SIZES AVAILABLE

- 3/4"x48"07
- 1"x48"07
- 1-1/4"x48"07
- 1-1/2"x48"07
- 1-3/4"x48"07
- 2"x48"07
- 3/4"x48"02
- 1"x48"02
- 1-1/4"x48"02
- 1-1/2"x48"02
- 1-3/4"x48"02
- 2"x48"02

ADVANTAGES

- This material has been proven to be a great design solution in many applications where strong, lightweight and thin panels are required.
- Easy apply face materials (veneer, laminate, and coating)
- Finish with a variety of edge options.
- Rigid face material supports selected methods of attachment.
- Optional skin thicknesses are available.

FOAM LIGHT

Foam core faced with SR HDF.

SIZES AVAILABLE

- 3/4"x48"07
- 1"x48"07
- 1-1/4"x48"07
- 1-1/2"x48"07
- 1-3/4"x48"07
- 2"x48"07
- 3/4"x48"02
- 1"x48"02
- 1-1/4"x48"02
- 1-1/2"x48"02
- 1-3/4"x48"02
- 2"x48"02

ADVANTAGES

- 95% reduced weight compared to plywood, particleboard and HDF.
- Easy apply face materials (veneer, laminate, and coating)
- Finish with a variety of edge options.
- Rigid face material supports selected methods of attachment.
- Optional skin thicknesses are available.

STRUCTA LIGHT

Extruded extruded board core faced with SR HDF.

SIZES AVAILABLE

- 1-1/4"x48"07
- 1-1/2"x48"07
- 1-3/4"x48"07
- 2"x48"07
- 2-1/4"x48"07

ADVANTAGES

- This unique material has a design principle that gives a high strength to weight ratio with the advantage of great impact resistance and low thickness bending.
- Easy apply face materials (veneer, laminate, and coating)
- Finish with a variety of edge options.
- Rigid face material supports selected methods of attachment.
- Optional skin thicknesses are available.
